Sara

A romantic and elegant look that delivers all the comfort and softness you expect from the design. Be sure not to miss the wooden buttons on the back. A sign of the craftsmanship and attention to detail that characterises Sara.

Design: Dan Ijreborn.

Vidar

Vidar is designed with an appearance that is up to date, inviting and yet at the same, it has a really timeless expression. The loose cushions and carefully selected materials presented in stylish linear shapes draws you in and encourages you to sit back, relax and put your feet up! And you don't have to worry about creating a little mess either. You see, Vidar is equipped with a completely removable cover that not only looks chic but is very practical too! Choose a washable cover and you can wash it in your own machine.

Design: Ian Archer.

Malte

Create furniture that fits perfectly into your interior. May we suggest a fabric to highlight the design of Malte, or a velvety or chenille fabric to streamline its shape? With the highest level of comfort, and a design tailored to your need the final piece is yours to add.

Decoration pillows not included

Sigge

Comfort all around, that's what Sigge is about. Want to use the armrest as your backrest? No problem, we've made both just as soft and comfy. And thanks to the modular design, you can create your own arrangement, including your choice of legs and fabric or leather cover.

Design: Steven Schilte.

Britt

Britt embraces the classic values of Scandinavian simplicity and the joy of bringing families together. This is a sofa that is equally generous as it is comfortable whilst still looking smart.

Britt is designed to match homeowners that appreciate and value great, simple and tasteful interior design with a cosy twist and high quality. Lovers of popcorn and marathon movies should make sure not to miss the option of the wide chaise lounge, as it is large enough to make room for two! The ravioli cushions will add that extra plush style, softness and comfort to your Britt.

Design: Anna Näsström.

Decoration pillows not included

Vera

Refined elegance and understated luxury. Vera embodies a contemporary expression with subtle yet important detailing which adds to the slightly formal impression of this sofa series. Combine the varied sets and create your own tailored style for a very comfortable sofa, love seat or armchair with a slightly higher back cushion.

Design: Ian Archer.

Colorado

The more, the merrier. And Colorado offers plenty of comfort and space to share with your loved ones. Bolster your family celebrations with plenty of cushions and togetherness, there's bound to be something for everyone with armchairs, sofas and corner sofas available in various sizes and arrangements.

Annie

Annie is the visionary interior decorator's dream come through. This contemporary and flexible modular sofa system can transform any room into a stylish and impressive space with its clean and soft lines. Annie's presence is unquestionably bold and beautiful, as it allows for your imagination to flow as you can combine the various elements to suit your personal needs and style.

Lucy

Challenge accepted. Turn something as practical as a sofa bed into a stylish piece of furniture. And do not forget, it should be just as comfortable and useful for a good nights sleep as for marathon viewing your favourite show. Our sofa bed Lucy passes the test with excellence. Available in two sizes and with optional storage, it should provide plenty of customization options for the picky ones as well.

Frances

Get cozy and enjoy precious moments at home with the charming sofa bed family. Frances is easy to convert into a bed, so it will surely be perfect when you need an extra sleeping place for your guests or if you want to save some space during the day. It's a well-disguised and elegant sofa bed that offers more than the eye can tell. Frances offers two mattress options - it is a sofa and a bed that will last for many years and nights to come for sure.

Design: Dan Ihreborn.

Lukas

Looks are deceiving. From the outside it looks just like a regular sofa, but inside there's a generous, comfortable bed with a real mattress just waiting to be released in three simple moves. The perfect solution when you don't want your guests to leave, or to help you triumph over the challenges of living in a small space.

Alma

Take a thick and springy seat, add a soft back cushion with decorative buttons, and a rounded backrest that seems to embrace you. If you do it right you'll end up with Alma – the quintessence of comfort. Our version also comes with a bonus: Each part of this armchair can be made of a different type of fabric.

Greta

There is something about Greta. Maybe it's the gentle curves of the backrest, the beautiful wooden legs or the way you feel when you sit down. That familiar feeling of belonging, like it's part of you and not just a beautiful part of your home.

Mokka

Offering the versatility of a pouffe, but equipped with a profiled backrest for seating comfort, Mokka plays many parts. The handy size means it's easy to move around to wherever you feel there's a need for an extra seat, or just a stylish companion piece of furniture.
