

# SPOTY

## jacquards

It is a fabric with woven patterns manufactured using a particular machine that allows controlling many threads separately, which means diversifying multicoloured patterns on a large surface can be created.

### STANDARD

**acrylic 59%, polyester 32%, wool 6%, recycled cotton 3%**

### FLAME RETARDANT (FR)

**acrylic 29%, polyester 62%, wool 6%, recycled cotton 3%**
